

## F. B. CATE REAL ESTATE AGENCY

The money you throw away in poor speculations would be better invested in real property which stays where it is put. You who do not own your home, figure up the amount you have spent in rent during your life. Better use paper and pencil, for it may prove to be an arithmetical problem. Now you can see for yourself what a poor investment your so-called home has been.

THIS HOUSE is a bargain. It is on John Street. Contains six rooms closets and pantry. It has a nice bath-room with hot water connections, hard wood finish, has been recently painted and shingled. A nice, large lot, 115 1/2 by 82 1/2 feet. Is insured for \$1,000.00. Price only \$1,500.00. Small payment down and balance as rent.

THIS SEVEN-ROOM COTTAGE is located on Humbert Street, near the Ward 5 school-house. This also has bath with hot water connection. Just as good a cellar as there is in the city, with granite underpinning. Bay window and two piazzas. Lot is 80 1/2 by 65 feet. Corner lot. This house has been built only three years. Price, \$1,600.00. Small payment down. Balance at five per cent.

THE FARMS we have on our lists are too numerous to mention here. Come in and look over our description of them and see if you don't find just what you want.

We not only have houses and farms, but we have many different kinds of business to sell—granite quarries, machine-shops (doing a good business), stores, restaurant, etc. Remember the place.

Rooms 11 and 12, Bolster Building, Barre, Vermont.

## INSURANCE

Some agents say "The Best Companies," others "The Strongest," and still others "The Largest Companies." I simply say

JOHN W. DILLON, Agent,

Representing \$465,490,117.39 assets as per annual statement of companies represented in this agency on January 1, 1903. That tells the whole story. Call and investigate. No risk too large, none too small.

## Fox Typewriters!

The Recollection of Quality Remains  
Long After the Price is Forgotten.

Our willingness to place Fox Typewriters on free trial anywhere at all times is an evidence of our desire to have our machine submitted to the most critical tests.

Past experience with the Fox in some of the large offices using typewriters in this country, has proved our claim that the Fox will effect a saving of from 10 to 25 per cent in the work for which typewriters are employed.

We have made arrangements with C. H. Kendrick & Co., 54 North Main Street to keep in stock the Fox Typewriter there. Mr. Kendrick will exhibit to you and explain the advantages of the Fox Typewriter. Please call on them or address us in the Averill Block.

## ABOUT THE STATE.

## Items of Interest Gleaned from Our Exchanges.

The Free Methodist church society of Burlington, with no capital stock, has filed articles of incorporation in the office of the secretary of state at Montpelier.

E. T. Griswold, of Bennington, recently had at his store a home grown rose which measured fourteen inches in circumference. It grew on a bush less than two feet in height.

Edward Cota, of Troy, whose body was found July 6 in a field, where he had been struck by lightning, fell among wild ferns, and when the body was lifted it was found that one side appeared as if the ferns had been photographed upon it.

N. B. Powers died at his home in Lanesburg, N. Y., Saturday evening at the age of 83 years. Mr. Powers was a former resident of Brandon and was owner of the Powers stock farm at Basin brook and the well known Powers farm in Leicester.

Some one who has taken the trouble to observe the trend of summer guest business declares that there are more visitors in the small country resorts and in farm houses this year in southern Vermont than ever before. Many farm houses are open for the first time to summer patrons, and nearly all of the smaller hotels report their accommodations engaged for the summer.

A conference of the owners of the big timber tract in the southern counties of Vermont with the Grand Trunk railroad officials was held in Montpelier Monday. The timber owners were represented by C. C. Fitts of Brattleboro. The Rutland railroad wants to run a branch line to the mountains, but the timber owners will give their shipping business to the Central Vermont road and have the timber shipped through Brattleboro if the railroad officials can be induced to run a branch line from the West River railroad.

Mrs. Dean C. Warren arrived in Stowe on Saturday morning with the body of her husband who died in New York on July 6. Funeral services were held at the home of Mr. Warren's father, R. S. Warren on Sunday, the Rev. J. Q. Angell attending. The bearers were four of Mr. Warren's friends of Norwich University, James E. Ross, '95, of Pater-son, N. J., F. B. Thomas, '96, of Montpelier, S. A. Thomas, '97, of Pittsburg, Pa., and C. J. Scribner, '97, of St. Albans. The singers were Miss Sarah Mayo, Mrs. A. A. Raymond, H. W. Burnham and A. H. Cheney. The burial was made in the family lot in River Bank cemetery and the arrangements were in charge of A. H. Cheney.

## Farmer Terribly Hurt.

Herman N. Guild, one of the town school directors in Chester, was badly injured Saturday night, by falling on a sharp stake on a hay cart, which penetrated the abdomen, inflicting a serious wound, which may prove fatal. Mr. Guild is a prominent farmer, a deacon of the Baptist Church, and is about 65 years old.

## Investigation of State Prison to Begin.

The investigation of the state prison at Windsor by the committee, comprising N. G. Williams, of Bellows Falls, H. F. Bingham, of Bakersfield, and C. H. Stafford, of St. Johnsbury, chosen at the recent session of the Vermont legislature to investigate the public institutions of the state, will begin at Windsor Tuesday. The committee will pass one day at the prison and then adjourn to the probate office in Bellows Falls, where evidence will be heard and the hearing continued for several days.

## Struck the Circus Train.

An engine struck the rear end of the Sells & Downs circus train as it was standing on the main line of the Central Vermont railroad at Windsor Saturday evening, inflicting a serious damage was done. Two panes of glass were broken in the circus coach and four men who were standing on the rear platform were badly shaken and jarred, but no one was seriously injured. One man jumped from the coach and suffered a slightly sprained ankle.

## Boy Injured by Fall.

A boy about ten years old named McAlpin, who was assisting his father to tar roof on a store house in Winoski Saturday afternoon, lost his balance and fell to the ground, a distance of about twenty feet. He landed on his hands and face, and when picked up was bleeding from a number of cuts on the head and face. The boy was taken to the Mary Fletcher hospital, Burlington, where it was found that he had sustained fractures of both wrists and a number of cuts and bruises on the face.

## BUILDING OF CEMENT.

Only One of Its Kind Being Erected in Burlington.

There is in the course of construction in Burlington a building which when it is constructed will be the only one of its kind in the state. This is the new factory which is being erected on the old marble mill property between lower Pine and Champlain streets by the Vermont Spool & Bobbin company. The factory will be unique because it will be made entirely of cement blocks. This cement construction, although new to the state, has been used for some years in other parts of the country. The enduring qualities of cement for common purposes is well known. Since its qualities as a building material were first recorded many buildings have been erected largely in the western states. A new company, with a capital of \$200,000, has been recently formed in Port Henry, N. Y., for the manufacture of the cement blocks and the encouragement of their use in the construction of buildings.

## In Classic Boston.

Visiting Reporter—There's nothing like the spit ball to kill a pitcher's arm.

Transcript Reporter—Beg pardon, but here in Boston we speak of it as the Saliva Sphere.—Puck.

## A FACT PROVEN.

## Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## AN AMUSING EXPERIENCE.

## Woman's Frantic Attempt to Destroy Liquor at Sight of Deputy Sheriff.

One of the Burlington deputy sheriffs had an amusing experience while he was out on a Sunday drive Sunday. He thought he would stop for a few minutes at one of the wayside resorts where they are reputed to do a little liquor business on the side, and see how the inmates were behaving, although he had no search warrant. One of the people connected with the house spotted him and made a bee line for the door. The deputy drove along to where he could get a view of the back door and there he saw a woman with her apron full of bottles of beer, throwing them one by one against a pile of rocks with great energy, her face white with fear. When she had completed her work she looked up and saw the deputy gazing at her. "Good work," he laughed, and drove along, leaving an astonished and disgusted female behind.

## Told in Strict Confidence.

The editor of a "womanly-answers-to-womanly-questions" column in a popular metropolitan periodical spent Fourth of July with his parents in this city, but escaped for his luncheon to a large downtown restaurant, and was persuaded to talk shop for a few moments. "Oh, yes," he said, replying to a question designed to draw him out, "we get considerable amusement out of the inquiries addressed to us by foolish girls, but now and then somebody catches us off our guard, and in the language of the Britt-Corlett-Twin Sullivan combination, puts it all over us. For example, George L. Whittemore told in this one the other day—I'll give it to you as nearly as I can remember it.

"How would you advise me to wear my hair? Would putting it up in the shape of the neck with a couple of ribbons be too old? Or should I roll it up and tie with a bow? What colored bow would you suggest for a blue serge suit?"

"I replied: 'You can make a very low coil or bun at the nape of your neck unless you fear the effect would be too girlish. The loops at the side are a matter of taste. You must, however, wear the hair after some simple arrangement and not upon the top of your head. A black velvet ribbon would harmonize with a blue suit, but please yourself in this matter; you will be better satisfied.'

"Whittemore wrote back: 'Thanks. A friend of mine whose wife takes your journal bet the dinners that I couldn't get a rise out of you. I'm not afraid of looking too girlish. I'm 59, and all the hair I've had since I was 23 I can fix with a soft tooth-brush in half a second. Sorry to have troubled you.'

"That kind of business," concluded the editor, "is on the increase, and in the end it's going to kill these everybody's columns."—Providence Journal.

## Bent Her Double.

"I knew no one for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders. At the Red Cross Pharmacy and Parlor Drug Store. Price 50c.
